Construction Date : 1930
Architecture Style: Basic Box
Statement of Significance: This single-story frame cottage is one of the most recently built in the East End (Hampton Wedge) neighborhood, an area occupied primarily by blacks serving the households of the nearby town houses on Saint Louis and Walnut Streets. Simply massed and detailed, it is typical of the architecturally undistinguished buildings in the area - a modest vernacular structure which has been added on to at least twice since its construction.
